Domestic, Imported and CLICQUOT CLUB

Those who have tried all three kinds, prefer Clicquot Club, because it lacks the burning sting in other ginger ales, caused by the red pepper, and because its quality and taste are undeniably superior.

The best fresh ginger and the best sugar (not saccharine) are used in Clicquot Club, with a dash of pure citric fruit flavor. The water (Clicquot Spring water) is the best ginger ale

water in the world; and the carbonating and bottling is perfect.

Clicquot Club Ginger Ale is non-astringent. Other Clicquot beverages:

MANY MATTERS COME UP

Debate on Time Limit in Pastorates. Women Seeking Laity Rights Encouraged.

ASHEVILLE, N. C., May 17 .- Rev. W. R. Lambuth of Tennessee and R.v. Mouzon and Rev. R. G. Waterhouse of Virginia were elected bishops on the fourth ballot at the general conference of the Methodist Episcopal Church South, according to the announcement made shortly after the opening of the confer-

The fifth ballot showed no election, but on the sixth ballot Rev. J. H. McCoy of Birmingham, Ala., was elected as the seventh bishop, filling the college of bishops to the full quota.

The three bishops elected yesterday were Dr. Collins Denny, professor at Vanderbilt University, Nashville; Dr. J. C. Kilgo, president of Trinity College, Durham, N. C., and Dr. W. B. Murrah, president of Millsaps College, Jackson, Miss.

Much Business Transacted.

Two sessions of the conference were held yesterday in order that the great amount of business which had accumulated could be disposed of. The investigating committee in the case

of Bishop Morrison, against whom charges of maladministration had been made, reported that the committee found no trial was necessary. The report was The debate on the question of the time

limit in the pastorate at times waxed warm. There were many speeches for and against the measure to remove the limit altoge, her. Those who favored re-moving the limit have worked hard to pass their measure, and will continue to agitate the question, and are hoping for better results at the next conference. The women at the conference, who are The women at the conference, who are interested in the women's memorial asking for laily rights, are encouraged. In view of the fact that every step that has been undertaken has been accomplished only after years of agitation and education, they were not prepared for the strong indorsement they have found Some are hopeful that when the question is discussed, the conference will grant the issed, the conference will grant the omen their request. All the women present are of the opin-ion, if defeated this time, that at the next conference they will succeed in pass-

CONGRESS ASKED TO MAKE \$9,000 APPROPRIATION.

Cost of Plant Would Be Repaid in Three Years, Is Declared by Report.

stallation of an ice-making pant to supply the State, Wan and Navy Departments was submitted to the Senate today through the Secretary of the Treasury. The papers read like a prespectus for the sale of mining stock. In three years, Congress is to d, the cast of the plant will be entirely saved and the plant will then be owned by the government and, in re-

In asking for the ice plant, to be operated under the direction of the superintendent of the State, War and Navy building the heads of the three departments complain of the increasing cost of ice. In 1906, it is brought out, ice c st 14 cents per 100 pounds; in 1907, 19 cents; in 1908, 221/2 cents; in 1909, 241/2 cents, and

"During this period," the letter signed by the heads of three departments concerned says, "there have been no changes in quantities of ice consumed or in the places of delivery which would warrant the increase in price." The letter points out that ice, if purchased during the coming fiscal year, would cost about \$4.40 per ton, and that, if manufactured in the proposed government ice p ant would cost about \$1.40 per ton. It is estimated that the saving per year will be \$3,190. As the estimated cost is about \$9,000, the letter points out that the cost of the plant will be saved in three years, and the government at the end of the period would have the ice plant intact. The letter points out that ice, if pur-

R. Mays Cleveland Asserts That Staple Creates No Millionaires in His Neighborhood.

"We just make all we can." That was the testimony given this morning before the Benate committee hat is investigating "the causes of the high cost of living, by R. Mays Cleveland, a cotton grower of Marietta, S. C. He had been asked regarding the cost of raising cotton and the cost of the several elements that go into the pro-

No Bich Cotton Planters.

Senator Smith of South Carolina has een directing the committee's investigations into the cost of cotton and the products made from it. He has been endeavoring to show that the cotton growers themselves are not receiving any more than their just share of the increased cost of the raw cotton... This morning he sought to have the witness support his contention by askin, the witness knew any rich growers in his vicinity., There is nothing doing in the line of "plusocrats of wealth" in the vicinity of Marietta, according to Mr.

Trunk to be had for beeland.

Back in 1995, the witness said, cotton was selling for 6 cents a pount of stativation price. They formed an eramination that year, and at a meeting in New Orleans agreed to reduce the cotton acreage one-fourth. That was done, and raw cofton sold for 10% cents a pound the next year.
